

Mermaid Foil Tail (Materials needed: 1.5 half sheets card stock, water colors, sharpie markers, aluminum foil, and glue)

- Start by painting a sea background on watercolor colors on card stock.
- Cut out the card stock tail template.
- Trace the mermaid template onto tin foil.
- Carefully cut out the mermaid tail
- Glue the foil tail onto the thick card template.
- Carefully color the mermaid tail with Sharpie pens. You can blend the colors by smudging your finger over the colored edges.
- Draw in the scales and fin details with a blue Sharpie pen.
- Finally, glue the finished mermaid tail onto the water colored card stock
